# Space bus timetable

The timetable uses 24-hour time. Each question says how to write the answer: a time, or a length of time like 1 hour 20 minutes.

| Space bus stop | Bus A | Bus B |
|---|---|---|
| Rocket Park | 07:25 | 09:55 |
| Moon Market | 07:40 | 10:10 |
| Star School | 08:02 | 10:32 |
| Comet Café | 08:22 | 10:52 |
| Galaxy Pool | 08:52 | 11:22 |

1. How long does Bus A take from Rocket Park to Galaxy Pool? Write it in hours and minutes.

   1 hour 27 minutes

2. Wiki must be at Star School before 08:30. Which bus should Wiki catch?

   Bus A

3. Write Bus B's time at Comet Café in 12-hour time with a.m. or p.m. (like 09:30 a.m.).

   10:52 a.m.

4. Bus B is 15 minutes late at every stop. When does it reach Galaxy Pool? Write it in 24-hour time (like 14:05).

   11:37

5. How much later than Bus A does Bus B leave Rocket Park? Write it in hours and minutes.

   2 hours 30 minutes

6. How long is the ride from Moon Market to Comet Café? Write it in minutes.

   42 minutes

Time trail: start at the start time. Add each jump to the time before and write the time at every stop in 12-hour time, like 09:45 a.m.
