Name: _____ Date: _____

Space bus timetable

The timetable uses 24-hour time. Each question says how to write the answer: a time, or a length of time like 1 hour 20 minutes.

Space bus stop	Bus A	Bus B
Rocket Park	07:25	09:55
Moon Market	07:40	10:10
Star School	08:02	10:32
Comet Café	08:22	10:52
Galaxy Pool	08:52	11:22

1. How long does Bus A take from Rocket Park to Galaxy Pool? Write it in hours and minutes.

   _____

2. Wiki must be at Star School before 08:30. Which bus should Wiki catch?

   ? ⌄

3. Write Bus B's time at Comet Café in 12-hour time with a.m. or p.m. (like 09:30 a.m.).

   _____

4. Bus B is 15 minutes late at every stop. When does it reach Galaxy Pool? Write it in 24-hour time (like 14:05).

   _____

5. How much later than Bus A does Bus B leave Rocket Park? Write it in hours and minutes.

   _____

6. How long is the ride from Moon Market to Comet Café? Write it in minutes.

   _____

Time trail: start at the start time. Add each jump to the time before and write the time at every stop in 12-hour time, like 09:45 a.m.
