Name: _____ Date: _____

Adding and subtracting fractions: mixed

Write the answer in the box. Some answers have a pick list.

1 Calculate: $\frac{1}{2} + \frac{1}{2}$.

💡 Hint: Same bottom number: add the top numbers only.

$\frac{1}{1}$

2 Calculate: $\frac{3}{10} + \frac{2}{10}$.

💡 Hint: Same bottom number: add the top numbers only.

$\frac{1}{2}$

3 Calculate: $\frac{2}{8} + \frac{5}{8}$.

💡 Hint: Same bottom number: add the top numbers only.

$\frac{7}{8}$

4 Calculate: $\frac{2}{5} + \frac{1}{5}$.

💡 Hint: Same bottom number: add the top numbers only.

$\frac{3}{5}$

5 Calculate: $\frac{4}{5} + \frac{1}{5}$.

💡 Hint: Same bottom number: add the top numbers only.

$\frac{1}{1}$

6 Calculate: $\frac{3}{4} + \frac{1}{4}$.

💡 Hint: Same bottom number: add the top numbers only.

$\frac{1}{1}$

7 Calculate: $\frac{2}{3} + \frac{1}{3}$.

💡 Hint: Same bottom number: add the top numbers only.

$\frac{1}{1}$

8 Calculate: $\frac{3}{10} + \frac{5}{10}$.

💡 Hint: Same bottom number: add the top numbers only.

$\frac{4}{5}$

9 Calculate: $\frac{6}{10} + \frac{4}{10}$.

💡 Hint: Same bottom number: add the top numbers only.

$\frac{1}{1}$

10 Calculate: $\frac{6}{10} + \frac{2}{10}$.

💡 Hint: Same bottom number: add the top numbers only.

$\frac{4}{5}$
