Name: _____ Date: _____

Product 3d 1d

Write the answer in the box. Some answers have a pick list.

1. Use a written method to calculate 486 × 6.
   💡 Hint: Split into hundreds, tens and ones. Multiply each part, then add.

2. Calculate 609 × 8.
   💡 Hint: Split into hundreds, tens and ones. Multiply each part, then add.

3. Find the product of 121 and 3.
   💡 Hint: Split into hundreds, tens and ones. Multiply each part, then add.

4. Find the product of 110 and 7.
   💡 Hint: Split into hundreds, tens and ones. Multiply each part, then add.

5. Calculate 508 × 7.
   💡 Hint: Split into hundreds, tens and ones. Multiply each part, then add.

6. Find the product of 202 and 4.
   💡 Hint: Split into hundreds, tens and ones. Multiply each part, then add.

7. Find the product of 302 and 3.
   💡 Hint: Split into hundreds, tens and ones. Multiply each part, then add.

8. Use a written method to calculate 263 × 4.
   💡 Hint: Split into hundreds, tens and ones. Multiply each part, then add.

9. Use a written method to calculate 375 × 5.
   💡 Hint: Split into hundreds, tens and ones. Multiply each part, then add.

10. Calculate 306 × 5.
    💡 Hint: Split into hundreds, tens and ones. Multiply each part, then add.
