Name: _____ Date: _____

Compare using equivalence

Write the answer in the box. Some answers have a pick list.

1 Complete with =, > or <: $\frac{1}{2}$ ____ $\frac{2}{4}$.

💡 Hint: Make the bottom numbers the same first, then compare the tops.

=

2 Which is greater: $\frac{3}{4}$ or $\frac{6}{8}$?

💡 Hint: Make the bottom numbers the same first, then compare the tops.

They are equal

3 Complete with >, < or =: $\frac{1}{2}$ ____ $\frac{3}{4}$.

💡 Hint: Make the bottom numbers the same first, then compare the tops.

<

4 Complete with =, > or <: $\frac{1}{3}$ ____ $\frac{2}{6}$.

💡 Hint: Make the bottom numbers the same first, then compare the tops.

=

5 Which is greater: $\frac{2}{4}$ or $\frac{4}{8}$?

💡 Hint: Make the bottom numbers the same first, then compare the tops.

They are equal
